

4th Lower DuPage Watershed Stakeholders Meeting
January 14, 2010
10 am – noon
Plainfield Public Works

Agenda

Presentations:

- Chris Yoder from the Midwest Biodiversity Institute will give a presentation about the biological sampling effort his group has conducted on behalf of the DuPage River Salt Creek Workgroup and answer questions regarding how this effort could be conducted in the Lower DuPage
- Andrea Cline from The Conservation Foundation will give a presentation summarizing the draft Watershed Resource Inventory completed for CMAP, explaining what information was found and what is still to come

Discussion:

- Final goals of the group
- Next meeting topics: Technical Committee/consultant

Handouts/Links:

- Summary of the Bioassessment for the DuPage River Salt Creek Workgroup
