

***DuPage County Stormwater Management and  
The Conservation Foundation  
invite you to learn more about:***

***Spill Response and Stormwater Management Program Plans***

**May 25th, 8:00 a.m. to 12:00 p.m.**

**Jack T. Knuepfer Administration Building Auditorium  
421 N County Farm Road, Wheaton**

The National Pollutant Discharge Elimination System program has brought about many changes in how municipalities function over the years. On May 25th, we'll take a closer look at how spills are handled in order to prevent pollution to our waterways, focusing on the chain of command in spill response. We'll learn how to develop a Stormwater Management Program Plan for your organization and hear a case study. Join us as we further discuss NPDES compliance.

**Three PDHs offered!**

◆ 8:15-8:30 Introductions; refreshments

◆ 8:30-9:15

**The Basics of Hazardous Materials Response** — Chris Mansfield, Assistant Hazardous Materials Coordinator, Addison Fire Protection District
